Decent Work for All
How Could It Work Moving Forward

Food for Thought…

- Niche – **putting niche into action** – what is our value proposition?

- **Areas of work** – in what areas should we focus on?

- **Products** – e.g. manuals, how-to-guides, regional mapping, roster etc.

- **What’s in it for me** – what services do we want from the CoP?

- **Topics** – what relevant / hot IR issues should be discussed?

- **Management** – by ILO staff / CoP members / dedicated facilitator / outsourced?

- **Membership** – growth strategy: how will we grow, expand?
